

## Scholarship Request Form for Assistance with Substance Abuse Assessment/Alcohol and Drug Evaluation

Hopedealers Worldwide offers scholarships for the professional administration of the Sassi-4 Assessment by a certified administrator. We also have a Certified Alcohol and Drug Counselor provide the professional evaluation and final report with recommendations for the client.

Sassi-4 identifies high or low probability of substance use disorders and includes a prescription drug scale that identifies individuals likely to be abusing prescription medications. It also provides a measure of profile validity and clinical insight into level of defensiveness and willingness to acknowledge experienced consequences of substance use disorder.

Our services are donation based only. Please fill out the amount that you are able to donate, and the amount that you are requesting for scholarship. Our suggested donation for the assessment and the final report is \$125. If we need to travel to a facility or detention center, the suggested donation is \$200.
